Consider just some of the impacts:

- ! ❌ Inaccurate Purchase Orders
- ! ❌ Continual PO corrections by Customer Service team
- ! ❌ Poor pallet utilisation (e.g. irregular, incomplete TI or HI)
- ! ❌ Poor vehicle utilisation/cube (increasing transport/fuel costs)
- ! ❌ Potential PO rejection (e.g. TlxHI mismatch issues)
- ! ❌ Unsafe pallet handling at DC (e.g. putaway based on wrong data)
- ! ❌ Automation failure/stoppage (e.g. carton dimensions vary to WMS)
- ! ❌ Supply disruption and risks to on shelf availability
